EDUCATION

Deccan College Of Engineering And Tech

CSE

Computer Science Engineering graduate with a strong foundation in software development, data structures, algorithms, and machine learning. Skilled in analyzing and solving complex problems with a high level of attention to detail. Effective communicator and team player.

SKILLS

HTML/CSS/JAVASCRIPT   MERN Stack

Nextjs   Animation (GSAP,framermotion)

Wordpress   GitHub

C++(Data Structures)   Python

PROJECTS

CGcalculator

I built the website using ReactJS, and for the styling, I used Tailwind. The website is designed to assist with calculations related to coordinate geometry, making it a valuable tool for students and professionals alike. By using ReactJS and Tailwind, I was able to create a visually appealing and user-friendly interface that allows users to quickly and easily perform the necessary calculations.
